#### RE: MAYOR'S 2021 HONOUR LIST

Please find attached a copy of the Mayor's 2021 Honour List. This year marks the 40<sup>th</sup> Honour List. (No list was presented in 1988.)

The Mayor's Honour List was established by the late Mayor Marceil Saddy in 1981 to honour citizens and groups in the community or surrounding area who have been instrumental in improving the quality of life or making a significant contribution to the City of Sarnia and Lambton County. Helen Keller said it best--"Alone we can do so little, together we can do so much."

The list, as always, is a highly personal list, based on my own observations throughout the year in the community, nominations from citizens and media stories.

The list is a tribute to the unsung people and groups in the community who make a difference in trying to create a good and just community and society. It is living proof that individual citizens and groups can make a difference. Individuals or groups nominated are not notified of their selection to the Mayor's Honour List until the announcement is made through the media so I request that you not contact those on the list until the embargo is lifted.

The 2021 Mayor's Honour List was treated as a regular year to recognize individuals and groups in the community. When we are through the COVID-19 war proper recognition will be given to those who contributed so greatly to bringing us to a better place.

It is hoped later in 2022 a reception can be held for the 2021 and 2020 Honourees as a group.

Yours sincerely,

Make Brushy

Mike Bradley Mayor of Sarnia

This past year the local Kidney Chapter received three awards from the Ontario Branch of the Kidney Foundation of Canada. In typical "Elaine fashion" she took no credit and praised the volunteers. "They say it takes a Village and without all these award winners and so many more supporters of the local chapter, we wouldn't be able to achieve the high standards with our branch."

When a relative was diagnosed with MS he began participating in local fundraising walks, later serving on the local Board. He served as Board Chair for 14 years and for the past 25 years was involved in the major fundraising events – walk and bike events and carnation sales. Mr. LeClair has also volunteered for local Silver Stick tournaments for boys and girls.

# 100 SCARVES - PAM WONG

For the past four years, the Sarnia group known as 100 Scarves, part of Scarf Project Canada, has contributed hand-knitted scarves, hats and mittens which are free for anyone who is in need of these items or who knows of someone who is in need. The knitted items are placed on the fence in front of the Lawrence House with a sign saying "Need a Scarf Take a Scarf". Anyone in the community in need is welcome to take an item and any items left at the end of the day are donated to community shelters. Fifty local knitters are part of this most worthwhile project. Items available have increased from 200 in the first year to over 1,000 in 2021.

Annabelle invites volunteers to provide \$50 worth of gifts and essentials to enhance self-esteem and reduce feelings of isolation for women in need. In 2020, 275 decorated boxes were delivered to the Women's Interval Home, Sexual Assault Survivors' Centre, The Inn of the Good Shepherd, The Haven, The Hub, Lambton Mental Wellness Centre and Sarnia Brain Injury Association. Annabelle, who was 13 years old when she organized the first "Sarnia Shoebox Project" with the help of her mother, believes no one should be forgotten during the holiday season.

## TANYA TAMILIO

Tanya is a volunteer and current President of the Centre Communautaire Francophone de Sarnia Lambton. She was instrumental in having the City of Sarnia receive its French Language designation at the Provincial level which will see Service Ontario and other Provincial services to be offered in French. Tanya began advocating in 2018 for this service by seeking letters of support and presenting the documentation resulting in the designation being made in late 2021. Tanya also plays a major role in the ceremonies held each year to recognize Franco-Ontarian Day. To recognize Sarnia as a welcoming community to newcomers, Tanya was part of the project where 750 "welcoming" lawn signs were distributed throughout the community to reflect the goal of multiple community agencies to welcome newcomers.
