119-F Alternate Detail For Combined	
Sidewalk - Curb and Gutter	
120-F Driveway Culvert Cross Section	
122-F Urban Industrial Commercial and	
Apartment Entrance	
128-F Backyard Dry Well Installation	
130-F Sample Lot Grading Plan	
134-F Standard Location For Water Valves	at
Intersections	
136-F Project Signboard	
137-F Typical Service Entrances	
138-F Insulation of Shallow Mains and Offs	sets

150-F		Typical Temporary Water Service Blow
1F0 C		Off Installation (Copper only)
150-G		Typical Temporary Water Service Blow
151-F		Off Installation
		Proposed Orifice Control Plate
152-F		Street Name Sign Template
153-F		Signalized Intersection Configurations
1545		of Pedestrian Crossing
154-F		Location of Dropped Curbs at
		Controlled Intersections
155-F		Tactile Walking Surface Indicator and
		Depressed Curb Detail
160		Typical Subdrain Detail
1882-S		Extension Shute for Catchbasins
2064-S		Standard Timber Markers for House
		Connections
2071-S1		Storm Subdrain Pipe
2485		Typical Wheelchair Ramps in Sidewalk
		Separate
2486		Typical Wheelchair Ramp in Sidewalk
		Adjacent to
2500		PVC Pipe Thrust Restraints
2600		Temporary Water Supply Detail
2700	Glued fittings	Sanitary Service Cleanout w/ 4m
		Extension
2800		Temporary Steel Plate
3000	new	1.5m Chainlink Fence
3800	new	Backflow prevention and water meter
		chamber internal bypass – typical
3900	new	Backflow prevention and water meter
		chamber external bypass – typical
4000	New	Maintenance hole waterproofing
		membrane (below grade installation)
4001	New	Frost strap installation
1001		
4002	New	Typical frost strap details for precast
		maintenance holes
